DANIELA G VIOLIN

Daniela G was born in Germany and completed her school education in the local area, which allowed her to pursue higher education. She studied design but always remained passionate about music. At the young age of three, Daniela G received her first violin, igniting a lifelong passion for the instrument.

On her journey to becoming a professional musician, Daniela G has enchanted audiences with the sound of her violin in numerous concerts and arrangements.

To expand her skills, Daniela G decided to break away from her predetermined path as a classical violinist and began improvising and composing to modern beats and rhythms.

DJANE CHRISTIANE

Christiane, born in East Germany, discovered her passion for performance from an early age, excelling in singing and dancing. After studying Communication and Media Science, her love for music grew under the influence of East German electro icons, shaping her into a DJ and leading to a successful modeling and television career.

In 2004, she was named Playmate of the Month in Germany, propelling her to become a Playmate in various countries while pursuing international modeling and DJing opportunities. With a focus on creating house music, she now explores her love for classical, jazz, and pop in her band, and cherishes collaborations with talented women, finding unique synergy in shared creative projects.
